Varg Brujo

I was born 125  
winters ago in the  
northern part of  
Britain. My youth  
was spent fighting  
evil monsters of the  
realm and gathering  
gold to study my  
magery. When sword  
became too heavy I  
became a full-time  
mage and scribe. That  
was mere 25 years  
ago and I was already  
involved in a noble  
community in  
Serpents Hold. Tis  
where I found out  
about Hierophant  
Ssithnos's Serpents  
Scroll and it became a  
guidance of my  
spiritual  
comperhension of the  
realm and myself.I  
was chosen to become  
a Duke by His  
Majesty Lord British.  
In Serpents Hold  
community and  
within the Order of  
the Silver Serpent I  
reperesent the  
doctrine of chaos and  
its forces: tollerance,  
enthusiasm and  
emotions.  
I strive for  
righteousness and  
justice in the realm  
and I shall do so until  
my time comes.
